

Stockmaster®

TAKE CONTROL OF THE WALK-IN COOLER

Stockmaster

Stockmaster Plus

FEATURES & BENEFITS

- **COMPLETE INVENTORY MANAGEMENT SYSTEM** that allows retailers to take control of the walk-in cooler. Organize and manage full and partial cases in an organized, safe environment.
- **2 VERSIONS AVAILABLE:**
 - **Stockmaster** - 18" rear stationary cart depth
 - **Stockmaster Plus** - 24" rear stationary section depth
- **REAR STATIONARY SECTIONS** create a location for full cases to be stored off the ground before they get transferred forward for product staging.
- **FRONT MOBILE SECTION** manages broken and partial cases creating easy access to load glides for consumer sales.
- **ACCESS TO PRODUCT** can significantly decrease out-of-stock products while minimizing overstocked inventory.
- **REDUCE INVENTORY TIME** by working with distributors to deliver product to assigned stockroom shelving space.
- **MINIMIZE INJURIES** by reducing lifting of awkward products. Stocking product requires less reaching.

NEW & UPDATED FEATURES:

- Improved powder coat finish that increases durability.
- Redesigned shelves eliminate the need for crossbars, have a lower profile and feature tighter wire spacing.
- Increased Upright depth provides more stability.
- More storage space on rear stationary unit.
